

FISCAL NOTE

HB 2973 - SB 3058

February 20, 2002

SUMMARY OF BILL: Specifies that municipalities that regulate the placement, screening or height of radio antennas must reasonably accommodate amateur radio antennas. Provides that a municipality may not restrict the number of support structures for an amateur radio antenna and specifies minimum height limitations that may be set by a municipality for such antennas. Authorizes municipalities to impose requirements related to screening, placement, aesthetic, and health and safety factors with respect to amateur radio antennas. Specifies that any ordinance regulating or restricting radio antennas adopted under these provisions may not apply to antennas erected prior to the effective date of the act.
